Right Whale Listening Network

368 Right Whale Calls Detected Within 24 Hours.

“Whale Alert” iPad & iPhone app
for mariners :

-receive real-time information on
right whale locations and local
management guidelines

[Listen For Whales Website](#)

SCIENTIST SPOTLIGHT

Our very own PSB scientist...

Allison Henry flies in a plane looking for North Atlantic Right Whales. She takes pictures of the whales she sees for photo identification. She also counts how the whales and records their location so they can warn shipping vessels to slow down.

Marine Mammals in OUR Backyard

How can we help?

- ▣ Don't litter

- ▣ Recycle

- ▣ Buy eco-friendly products

- ▣ Conserve

Spread
the word
